

Essential Residential Report

FUTURE
CLIMATE INFO

Future Climate Info delivers professional insights and practical solutions to remove environmental risk from property transactions.

Why Choose FCI?

- Full professional risk assessments across all sections of the report.
- Clear and succinct results, with 'Next Steps' highlighted on the front page of the report.
- Fewer 'Further Actions' using accurate search boundaries from Land Registry.
- The only environmental search company regulated by RICS.
- The information you need in under 12 pages, saving you time, effort, and printing costs.
- Highly qualified & experienced technical team on hand to help with Further Action enquiries.
- £10 million professional indemnity for the first purchaser and all professional parties.
- The future of environmental searches.

Data

Every FCI Report interrogates all key datasets, including our own high quality, unique research of historical maps.

Environmental

Flood

For more information on the datasets within this report, please see the back of this card.

Free remediation insurance

Passed residential environmental reports come with protection for 6 years, up to £100,000. The cover can be relied upon by the purchaser and all professional parties involved in the property transaction.

Floodability rating by JBA

An overall flood risk rating for the property.

Flood thumbnails

Our individual flood thumbnails provide a detailed map illustrating the extent of each type of flood risk.

Affordable next step solutions to help move transactions forward

For further professional assistance and/or client protection in high risk situations FCI has partnered with industry experts to offer solutions including:

- **Flood Risk 'Report Review'**
From only £99 + VAT, developed in partnership between FCI and JBA and proven to resolve flood Further Actions in over 40% of cases.
- **Residential Contaminated Land Insurance from £50.00 for 25 years**
including cover for future owners, lessees and mortgage lenders.
- **Onsite Flood Assessment by JBA**
Survey of local conditions and advice on property resilience measures from independent flood specialists.

Essential Residential Report

Reported Risks: Environmental + Flood

Since 2014, Future Climate Info (FCI) has been leading the market with its fresh approach to Residential and Commercial Environmental Reports. Regulated by RICS, our aim is to put clients' needs at the forefront of everything that we do and remove any potential risk from the equation by providing full risk assessments and clear advice on next steps from a Chartered Environmental Surveyor.

Environmental

Analyses the impacts from key risks including Artificial Ground, Contaminated Land Insurability, Contaminated Land Register Entries and Notices, Current Industrial Land Uses, Environmental Permits, Petrol Stations, Landfill Sites Past and Present, Telecommunications Transmitters, Potentially Contaminated Land from Past Industrial Land Uses, Pollution Incidents, Potentially In-Filled Land, Pylons and Electricity Lines, Radon Gas, Regulated Environmental Processes, and Surface Dangers or Hazards.

Flood

Analyses the impacts from key risks listed by The Law Society including Flooding from Rivers, The Sea, and Surface Water Flooding, Groundwater Flooding Susceptibility, Historic Flooding, Flood Insurability, Flood Storage Areas, and nearby Surface Water Features.
