£10 MILLION PROFESSIONAL INDEMNITY

The increase in alternative energy sources such as wind farms and shale gas, as well as major infrastructure projects like HS2 and Crossrail continues to be a concern for homebuyers. These developments may be intended for the benefit of local communities as well as the nation, but they can also have a negative impact on the local amenity and property values. Future Climate Info's (FCI) Energy & Infrastructure Reports detail existing and proposed projects to ensure your client is aware of any potential impacts on their property.

BENEFITS FOR YOUR CLIENTS

Where issues are identified, FCI always offers clear and concise recommended 'Next Steps' for your clients. FCI has partnered with industry experts to offer solutions such as insurance, further surveys and protective measures.

PROFESSIONAL INDEMNITY COVER

For peace of mind, FCI Reports are backed by £10 million Professional Indemnity Insurance. Our cover can be relied upon by the professional parties involved in the property transaction, including the first purchasers, their advisers and the first purchaser's lender.
