

FCI Retail

Because business needs momentum

Concise Reports • Robust Expert Opinion • Full Reliance

Future Climate Info delivers professional insights and practical solutions to remove environmental risk from property transactions.

Why Choose FCI?

- Best value report for small commercial properties.
- Includes contaminated land, flood and ground stability risks.
- The only commercial report to include remediation warranty.
- The latest data, including MappAir® Air Quality and a subsidence Risk Rating from Property Assure
- Expert support from FCI's Risk Team and CLS Risk Solutions Environmental Insurance.
- Supported by £5 Million Professional Indemnity Cover.
- Full professional risk assessments.
- Clear and succinct results, with 'Next Steps' highlighted on the front page.

Data

Every FCI Report interrogates all key datasets, including our own high quality, unique research of historical maps for potentially contaminated and in-filled land.

Environmental

Flood

Ground Stability

For more information on the datasets within this report, please see the back of this card.

Regulated by RICS

Free remediation warranty: Passed FCI Retail reports come with protection for 6 years, up to £100,000.

Air quality data: EarthSense's MappAir® data is the first ever high resolution nationwide map of air pollution, providing an Air Quality Rating from the UK's leading air quality experts.

Free Further Action review: Upon evidence of remediation, returned within 48 working hours.

Subsidence risk rating: Accurate to the individual postcode and based on actual insurance claims data, the Subsidence Risk Rating from Property Assure provides an instant rating and a clear summary of the risk.

Detailed flood reporting: Our individual flood thumbnails provide a detailed map illustrating the extent of each type of flood risk and JBA's Floodability rating helps to provide an overall flood risk rating for the property.

Affordable next step solutions to help move transactions forward:

- **Flood Risk 'Report Review'**
From £150 + VAT, developed in partnership with JBA and proven to resolve flood Further Actions in over 40% of cases.
- **FCI Appraisal - Commercial £400 + VAT***
A flat-rate solution, for more complex risks, or where the client doesn't feel comfortable gathering information or interpreting the risks themselves.
- **On-site Flood Assessment by JBA**
Survey of local conditions and advice on property resilience measures from independent flood specialists.

FCI Retail Report

Reported Risks: Environmental + Flood + Ground Stability

Since 2014, Future Climate Info (FCI) has been leading the market with its fresh approach to Residential and Commercial Environmental Reports. Regulated by RICS, our aim is to put clients' needs at the forefront of everything that we do and remove any potential risk from the equation by providing full risk assessments and clear advice on next steps from our specialist team.

Environmental

Analyses the impacts from key risks including Artificial Ground, Contaminated Land Register Entries and Notices, Current Industrial Land Uses, Environmental Permits, Petrol Stations, Landfill Sites Past and Present, Telecommunications Transmitters, Potentially Contaminated Land from Past Industrial Land Uses, Pollution Incidents, Air Quality, Potentially In-Filled Land, Pylons and Electricity Lines, Radon Gas, Regulated Environmental Processes, and Surface Dangers or Hazards.

Ground Stability

Analyses the impacts from key risks including Subsidence, nearby Ball Clay Mining Areas, Brine Compensation Areas, China Clay Mining Areas, Coal Mining Areas, Geohazards such as Clay Shrinkage, Landslips, Landslides and Sink Holes, Limestone Mining Areas, Past Mining Hazards in Minerals other than coal, Modified Ground, Natural Cavities, Potentially In-filled Land and Tin Mining Areas.

Flood

Analyses the impacts from key risks listed by The Law Society including Surface Water Flooding, Sewer flooding, Groundwater Flooding Risk, River Flooding, The Sea, Historic Flooding, Flood Insurability, Flood Storage Areas, and nearby Surface Water Features.
