

Premium Plus Planning Residential Report

ENVIRONMENTAL | FLOOD | GROUND STABILITY | ENERGY & INFRASTRUCTURE | PLANNING

All the benefits of the best-selling FCI Premium, with the addition of Planning, providing the information needed to make informed purchase decisions.

Features at a glance

► Planning

Local Authority planning and development information on the local area surrounding the property for the preceding 10 years. Highlights possible planning and development constraints and major developments which may have an impact on the homebuyer's enjoyment, plans and the potential future value of their property.

► Environmental

Past and current potentially contaminative land uses, radon gas, permits, incidents & notices; Unique Air quality data from EarthSense.

► Flood

Flooding from Rivers, Sea and Surface Water; Groundwater Susceptibility; Historic Flooding; JBA Floodability data.

► Ground Stability

Natural geo-hazards including natural cavities, clay shrinkage, landslips and sink holes; past and current non-coal mining risks including Brine, Limestone, Tin, China Clay and Ball Clay.

► Energy & Infrastructure

Potential impacts from Shale, gas and other mineral extraction; power utilities; major transport projects like HS2 and Crossrail; solar and wind farms.

► Air Quality

EarthSense's MappAir® data is the first ever high resolution nationwide map of air pollution, providing an Air Quality Rating from the UK's leading air quality experts.

(+) For planning data details and limitations please see our Terms and Conditions, available on our website.

Market leading support for clients

- **Professional opinion:** with clear report outcomes.
- **Free remediation warranty:** passed residential environmental reports come with protection for 6 years, up to £100,000.
- **Planning:** using FCIcapture technology, FCI Planning goes one step further than other reports; identifying application points relating to 'Developments' which, though outside of the search boundary, may, in reality, extend within the area of interest around the subject property.
- **Free Further Action Review:** upon evidence of remediation, within 24 working hours.
- **Subsidence risk rating:** accurate to the individual postcode, the Subsidence Risk Rating from Property Assure provides an instant rating and a clear summary of the risk, based on actual insurance claims data.
- **Detailed flood reporting:** our individual flood thumbnails provide a detailed map illustrating the extent of each type of flood risk and JBA's Floodability rating helps to provide an overall flood risk rating for the property.
- **Affordable next step solutions:** to keep the transaction moving forward.

Premium Plus Planning Residential Report

Reported Risks: Environmental + Flood + Ground Stability + Energy & Infrastructure + Planning

Planning: Key features

- ▶ Intelligent FCICapture technology
 - ▶ Intuitive categorisation of the data
 - ▶ Clear planning map
 - ▶ Dynamic buffers to capture larger developments
 - ▶ Data pulled live for each report
 - ▶ Current and Historical records
 - ▶ Lawful Planning Certificates (shown where available)
- Planning records include;
- ▶ Extensions and Small New Builds
 - ▶ Developments
 - ▶ Change of Use
 - ▶ Lawful Development Certificate Applications
 - ▶ Telecoms
 - ▶ Planning Restrictions

For relevance and improved usability, the search radius is flexible dependent on the location of the property, whether it be in an urban, rural or densely populated urban area, ensuring a manageable representation of planning applications and developments, displayed clearly by type for ease of review in order of proximity from the property.

Affordable next step solutions to help move transactions forward:

FCI Review - Free

An assessment of site-specific evidence supplied by the client to assess if there is a reduced risk of liability under the contaminated land regime for Part 2A.

Flood Risk 'Report Review' - from £150 + VAT

Developed in partnership with JBA, this affordable solution can resolve flood Further Actions in over 40% of cases.

FCI Appraisal - Residential £200 + VAT / Commercial £400 + VAT*

A cost-effective, flat-rate solution, designed for more complex risks, or where the client isn't able to or doesn't feel comfortable gathering information or interpreting the risks themselves.

Contaminated Land Insurance - from £50 + VAT for 25 years

For residential properties, top up the included contaminated land warranty to £3 million insurance cover, including cover for future owners, lessees and lenders.

FCI Walkover - from £995 + VAT^

Where a more detailed analysis is required, a member of the FCI Risk team with IEMA, CIWEM, RICS or SiLC accreditations will assess the site for signs of contamination and produce a full written report, peer reviewed by an expert environmental professional.
